Subj: I need help. Looking for a [niche]

Hi,

I could really use your help.

I'm starting a new web design company and I need to build some local website demos for my portfolio.

Could I do a demo site for your company for free?

If you like it, great! If not, it won't cost you a penny.

I really want to do a website of a local [niche] and thought I'd reach out to you to see if you'd be willing to let me do a demo site for you?

If you're interested or not, just let me know so I can find someone local who is.

Just give me a quick call: [phone]

No matter what you decide, I appreciate your time and help. Thanks so much.
